Dear Mr. Gibson and Ms. Ioffe:

I am in receipt of your request for additional information on our # 30 day Post-General Report and the 12 day Pre-General Report. I apologize for only forwarding copies of the documents that we use to obtain the requested information and not explaining the process that we employ to ensure compliance.

Our incoming mail is picked up on a daily a daily basis and prepared for data input. Each day after the data input has been completed, each contributor for whom we do not have occupational information is sent a letter requesting the information, a copy of which is enclosed. Each letter contains a self-addressed envelope to which proper postage has been affixed, a copy of which is also enclosed.

On schedule B of the 30 day Post-General Report, the only Federal candidate listed is Heather Wilson, a candidate for US Congress, New Mexico District 1 as identified. The remaining campaign contributions were made to support individuals seeking election to the Florida State Legislature. As we discussed last week, in the future I will note that these contributions are non-federal campaign contributions for clarification.

Thank you for bringing these items to my attention.

Sincerely,

Donna F. Winterson, Treasurer
